

erin mcbride

web developer & designer

ABOUT

Hardworking web developer/designer with experience creating front-end projects such as a responsive portfolio, online registration form, and an interactive photo gallery. Proficient in HTML, CSS, and JavaScript. My main goals are furthering my career and doing what's best for my family. Excited to see what's in store for me in the future.

EDUCATION

Radford University

Bachelors of Science in Criminal Justice, 2015
